

Love Begins With Me

-Kevin Perera, Sri Lanka-

Believe and Trust in one noble humanity

Bound with absolute love and compassion

Are they luxuries? Then it's an insanity

They are necessities, a passionate fashion

Pardon the hardened with all your heart

Pay the respect, feel the difference

Embrace oneness as the unity is smart

Change the word, make the preference

I understand now what is to be done

Spreading the love has already begun

Name: Kevin Perera
