**L O V E**

A Poem Written By: Leon A. Enriquez, Singapore

*Love powers all  
Both big and small*

*Love starts the fire  
In fond desire*

*Love fills the spheres  
Right now and here*

*Love does not end  
Outlives all trends*

*Love makes things grow  
As light shapes show*

*Love's the reason  
For all seasons*

*Love creates all  
That rise and fall*

***L O V E – “Unconditional Love Transforms”***

*Love changes things*

*Yet ever springs*

*Love is the light*

*That gives true sight*

*Love fills each face*

*In time and space*

*Love plays and fills*

*As life reveals*

*Love sets you free*

*To live, to be*
